LICENCE

Copyright ©2021 Fillon Technologies.

Fillon Technologies is the designer of the Daisy Wheel Web Interface and Phobos software including their corresponding optional modules (hereinafter "the Software") integrated into the Daisy Wheel product for its use.

It is hereby specified that the Daisy Wheel product is sold in accordance with Fillon Technologies' general terms and conditions of sale, this licence relating solely to the software integrated into said product.

The Licence applies to the entire Software. This Licence defines the terms and conditions under which the Software may be used and are guaranteed by our company unless otherwise required by law.

1 - PROPERTY RIGHTS

It is expressly stated that the Software and all of their components remain the full and entire property of Fillon Technologies, the Customer acquiring no rights and in particular no right of ownership over these elements by virtue of the sale of the Daisy Wheel product, with the exception of the User Licence granted by Fillon Technologies to the Customer under the conditions stipulated below.

More generally, Fillon Technologies does not assign or grant any intellectual property right, even partial, on the Daisy Wheel product or all of its components, in particular the Software and more generally for studies, information, analyses, files, documents, know-how, patents, inventions or otherwise, except for the User License granted by Fillon Technologies to the Customer under the conditions stipulated below.

2 – USER LICENCE

2.1 Authorised use

Fillon Technologies hereby grants the Customer a non-exclusive and non-transferable Licence to use the Software which includes the rights exhaustively listed below:

- Right to install the Software on 1 computer necessary for the installation and use of the Daisy Wheel product,
- Right to use the Software by 1 user solely within the framework of the exclusive use of the Daisy Wheel product and the strictly internal and personal needs of the Customer,
- Right to make a backup copy of the Software, provided that such copy is necessary to preserve the use of the Software and that such copy is used solely for the purpose of restoring the Software. The copyrights of Fillon Technologies and all third parties must be included in the backup copies,

Excluding any other use.

The Customer will use the Software only in its object code form.

2.2 Non-authorised use

In particular, the Customer is not authorised to:

- Translate, adapt, transform, reproduce, modify, represent or proceed with any other arrangement of the Software in whole or in part, create any derivative product of the Software of any kind whatsoever, this list not being exhaustive,

- Make copies of the documentation given to it,
- Allow access to the Software to a user not trained by Fillon Technologies or an authorised service provider,
- Distribute, rent, assign, sub-license, share or lease the Software or all or part of the rights granted by Fillon Technologies to the Customer under this Licence and more particularly extract all or part of the information and/or programs contained in the Software,
- Decompile the Software except for the decompilation necessary to ensure the interoperability of the Software with other programs, under the limiting conditions laid down by law.
- Modify, remove, hide, any legend on ownership, copyright or any registered trademark symbol contained in the Software,
- Attempt to unlock or bypass any protection or encryption system used to protect the Software.

2.3 Term

This User Licence is granted for the life of the Daisy Wheel product from the date of installation of the product.

3- DISCLAIMER

The Software are provided as is and without warranties of any kind, whether express or implied, including, without limitation, the implied warranties of merchantability and fitness for a particular purpose.

The Customer may not at any under circumstances hold Fillon Technologies liable in case of malfunction or failure of the Software, whatever the cause or origin of the problem. **Use of the Software is at the Customer's sole discretion and at its own risk. No recommendation or information, oral or written, obtained by the Customer from Fillon Technologies, its website or its collaborators, will create a warranty on the Software.**

The Customer acknowledges, among other things, that the information transmitted between third party software and the Software is in no way guaranteed.

Without limiting the foregoing, Fillon Technologies does not warrant that:

- The Software will meet all of your needs.
- The Software will operate continuously, in a timely manner, securely and without errors.
- The results and performance that may be obtained through the use of the Software will be effective, accurate and reliable.
- The quality of the Software will meet your expectations.
- Any error of the Software will be corrected taking into account the specificity of the Software.

Fillon Technologies **will not be responsible for any errors or omissions** in the Software or documentation available on the Fillon Technologies website.

In no event shall Fillon Technologies be liable to the Customer or third parties for any direct, indirect or consequential damages including, in particular, any damages for loss of turnover, income or profits, whether foreseeable or not, lost earnings, loss of business opportunity, loss of brand image and reputation, loss of customers, loss or destruction of data, losses related to the immobilisation of the Daisy Wheel product or any other loss or financial prejudice, or any damage to the Customer's computer system or any loss of data resulting from such activities.

In any case, the amount of compensation that may be due will be limited to the amount of the Licence. In the event that the Licence is not subject to specific invoicing, the amount of compensation will be limited to 5 % of the price of the Daisy Wheel product.
